Dated May 11, 2022

GOVIEX URANIUM INC.

NOTICE OF THE 2022 ANNUAL GENERAL MEETING OF SHAREHOLDERS

NOTICE IS HEREBY GIVEN that the Annual General Meeting (the “**Meeting**”) of the shareholders (the “**Shareholders**”) of **GoviEx Uranium Inc.** (“**GoviEx**” or the “**Company**”) will be held at the World Trade Centre, Suite 606 – 999 Canada Place, Vancouver, British Columbia, Canada, on Thursday, June 30, 2022 at 10:00 am (Pacific Daylight Time) for the following purposes:

1. to receive the audited consolidated financial statements of the Company for the year ended December 31, 2021, with the Company’s auditors’ report thereon (the “**Financial Statements**”);
2. to set the number of directors at seven;
3. to elect seven directors;
4. to appoint the auditor for the ensuing year and to authorize the directors to fix the auditor’s remuneration;
5. to consider and, if deemed advisable, pass an ordinary resolution approving the Company’s Share Purchase Option Plan; and
6. to transact any other business which may properly come before the Meeting or any adjournment thereof.

The board of directors of the Company (the “**Board**”) has fixed **May 11, 2022**, as the record date for the determination of Shareholders entitled to notice of, and to vote at, the Meeting and at any adjournment or postponement thereof.

The accompanying Management Information Circular provides additional information relating to the matters to be dealt with at the Meeting and is supplemental to and expressly made a part of this Notice of Meeting.

Notice-and-Access

The Company is utilizing the notice-and-access mechanism (the “**Notice-and-Access Provisions**”) under National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* and National Instrument 51-102 – *Continuous Disclosure Obligations*, for distribution of proxy-related materials to registered and beneficial Shareholders.

Under the Notice-and-Access Provisions, instead of receiving printed copies of the Information Circular, Shareholders will receive the Notice of Meeting with information on the Meeting date, location and purpose, as well as information on how they may access the Information Circular electronically and how they may vote.

Website Where Meeting Materials are Posted

The Notice-and-Access Provisions are a set of rules that allow reporting issuers to post electronic versions of proxy-related materials (including management information circulars) online, via the System for Electronic Document Analysis and Retrieval (“**SEDAR**”) and one other website, rather than mailing paper copies of such materials to Shareholders. An electronic copy of the Management Information Circular and other proxy-related materials may be found on the Company’s SEDAR profile at www.sedar.com and the Company’s website at www.goviex.com.

The Company will not use the procedures known as “stratification” in relation to the use of Notice-and-Access Provisions. Stratification occurs when a reporting issuer using the Notice-and-Access Provisions provides a paper copy of the Management Information Circular to only certain Shareholders with the notice package.

Obtaining Paper Copies of Materials

The Company anticipates that using the Notice-and-Access Provisions for delivery will directly benefit the Company through a substantial reduction in both postage and material costs, and also promote environmental responsibility by decreasing the large volume of paper documents generated by printing proxy-related materials. Shareholders with questions about the Notice-and-Access Provisions can call the Company’s transfer agent, Computershare Investor Services Inc. (“**Computershare**”), toll-free within North America: 1-866-964-0492, direct, from Outside of North America: +1-514-982-7555 (which is not a toll-free number) or via Computershare’s website at www.computershare.com/noticeandaccess.

Shareholders may obtain paper copies of the Management Information Circular and/or the Financial Statements (and related Management’s Discussion & Analysis for the year ended December 31, 2021 (“**MD&A**”)) by calling toll-free within North America: 1-866-964-0492, direct, from Outside of North America: +1-514-982-7555 (which is not a toll-free number) or via Computershare’s website at www.computershare.com/noticeandaccess.

Requests for paper copies of the Company’s Management Information Circular or the Financial Statements and MD&A, which are required **in advance of the Meeting**, should be sent so that the request is received by Computershare at least 10 business days before the Meeting in order to allow sufficient time for Shareholders to receive the paper copies and to return their proxies or voting instruction forms to intermediaries not later than 48 hours (excluding Saturdays, Sundays and statutory holidays in the City of Vancouver, British Columbia) prior to the time set for the Meeting or any adjournments or postponements thereof.

Voting

Given the need for risk management in respect of the Coronavirus disease (COVID-19), GoviEx encourages you to vote your shares by proxy in advance of the Meeting, via mail, telephone or on the internet. In conducting the Meeting on June 30, 2022, the Company intends to follow the guidelines for physical distancing prescribed by public health authorities to minimize the spread of COVID-19, as such guidelines are applicable as at the date of the Meeting. The Company asks that anyone planning to attend the Meeting in person advise the Company well in advance at info@govix.com (Attention: Corporate Secretary). To ensure the health and safety of all attendees, the Company reserves the right to take any additional cautionary measure deemed to be appropriate, necessary or advisable in relation to the Meeting in response to further developments in the COVID-19 pandemic, including limiting the number of persons who may be allowed in a single room for the Meeting to allow for required social distancing, or any other measures that may be recommended by public health authorities in connection with gatherings of persons. No management presentation will be made following the business of the Meeting.

A proxy form is enclosed herewith. Registered Shareholders who are unable to attend the Meeting in person are requested to complete, date, sign and return the enclosed proxy form to Computershare in accordance with the instructions set out on the proxy form and in the Management Information Circular. If you are voting your shares by proxy, the Company’s transfer agent, Computershare, must receive your completed proxy form by 10:00 am (Pacific Daylight Time) on Tuesday, June 28, 2022, or 48 hours (excluding Saturdays, Sundays and statutory holidays in the City of Vancouver, British Columbia) before

any adjournment(s) or postponement(s) of the Meeting.

Beneficial Shareholders receiving these materials through their broker or other intermediary should complete and return the voting instruction form provided to them by their broker or other intermediary in accordance with the instructions provided therein, or otherwise follow the instructions provided by their broker or other intermediary.

Revocation of Proxies

A Shareholder who has given a proxy may revoke it at any time before it is exercised by an instrument in writing: (a) executed by that Shareholder or by that Shareholder's attorney authorized in writing or, where the Shareholder is a corporation, by a duly authorized officer of, or attorney for, the corporation; and (b) delivered either: (i) to the Company at the address set forth above, at any time up to and including the last business day preceding the day of the Meeting or, if adjourned or postponed, any reconvening thereof, or (ii) to the Chairman of the Meeting prior to the vote on matters covered by the proxy on the day of the Meeting or, if adjourned, any reconvening thereof or at the commencement of the Meeting in the case of a postponement, or (iii) in any other manner provided by law.

Also, a proxy will automatically be revoked by either: (i) attendance at the Meeting and participation in a poll (ballot) by a Shareholder, or (ii) submission of a subsequent proxy in accordance with the foregoing procedures. A revocation of a proxy does not affect any matter on which a vote has been taken prior to any such revocation.

Only registered Shareholders have the right to revoke a proxy. Beneficial Shareholders that wish to change their voting instructions must, in sufficient time in advance of the Meeting, contact Computershare or their intermediary to arrange to change their voting instructions.

Disclosure regarding each matter identified above can be found in the section titled, "*Particulars of Matters to be Acted Upon at the Meeting*" of the Management Information Circular.

SHAREHOLDERS ARE REMINDED TO REVIEW THE MANAGEMENT INFORMATION CIRCULAR BEFORE VOTING.

Dated at Vancouver, British Columbia this 11th day of May, 2022.

BY ORDER OF THE BOARD OF DIRECTORS OF GOVIEX URANIUM INC.

Executive Chairman of the
Board of Directors

MANAGEMENT INFORMATION CIRCULAR

General Information

This management information circular (the “**Information Circular**”) is furnished to the holders (each a “**Shareholder**” collectively, the “**Shareholders**”) of class A common shares (the “**Class A Shares**”) of GoviEx Uranium Inc. (“**GoviEx**” or the “**Company**”) by management of the Company in connection with the solicitation of proxies to be voted at the annual general meeting of the Shareholders (the “**Meeting**”) to be held at World Trade Centre, Suite 606 – 999 Canada Place, Vancouver, British Columbia on Thursday, June 30, 2022, at 10:00 am (Pacific Daylight Time), or at any adjournment or postponement thereof, for the purposes set forth in the notice of Meeting (the “**Notice of Meeting**”) that accompanies this Information Circular. Unless otherwise stated, this Information Circular contains information as at May 11, 2022.

Given the need for risk management in respect of the Coronavirus disease (COVID-19), GoviEx encourages you to vote your shares by proxy in advance of the Meeting, via mail, telephone or on the internet.

In conducting the Meeting on June 30, 2022, the Company intends to follow the guidelines for physical distancing prescribed by public health authorities to minimize the spread of COVID-19, as such guidelines are applicable as at the date of the Meeting. The Company asks that anyone planning to attend the Meeting in person advise the Company well in advance at info@goviex.com (Attention: Corporate Secretary). To ensure the health and safety of all attendees, the Company reserves the right to take any additional cautionary measure deemed to be appropriate, necessary or advisable in relation to the Meeting in response to further developments in the COVID-19 pandemic, including limiting the number of persons who may be allowed in a single room for the Meeting to allow for required social distancing, or any other measures that may be recommended by public health authorities in connection with gatherings of persons. No management presentation will be made following the business of the Meeting.

Unless otherwise indicated, references to “\$” or “dollars” in this Information Circular are references to the lawful currency of the United States, references to “Cdn\$” are references to the lawful currency of Canada, references to “€” or “Euro” are references to the lawful currency of the 19 European Union countries that use the common currency established under the Maastricht Treaty and references to “£” or “pound sterling” in this Information Circular are references to the lawful currency of the United Kingdom.

PROXIES AND VOTING RIGHTS

Management Solicitation

The solicitation of proxies by the Company will be conducted by mail and may be supplemented by telephone or other personal contact to be made without special compensation by the directors, officers and employees of the Company. The Company does not reimburse Shareholders, nominees or agents for costs incurred in obtaining from their principals authorization to execute forms of proxy, except when the Company has requested brokers and nominees who hold stock in their respective names to furnish proxy-related material to their customers, in which case the Company will reimburse such brokers and nominees for their related out of pocket expenses. No solicitation will be made by specifically engaged employees or soliciting agents. The cost of solicitation will be borne by the Company.

No person has been authorized to give any information or to make any representation other than as contained in this Information Circular in connection with the solicitation of proxies. If given or made, such information or representations must not be relied upon as having been authorized by the Company. This Information Circular does not constitute the solicitation of a proxy by anyone in any jurisdiction in which such solicitation is not authorized, or in which the person making such solicitation is not qualified to do so, or to anyone to whom it is unlawful to make such an offer of solicitation.

Appointment of Proxy

A Shareholder whose name appears on the certificate(s) representing Class A Shares (the “**registered Shareholders**”) are entitled to notice of, and to vote at the Meeting. A registered Shareholder is entitled to one vote for each Class A Share that such registered Shareholder holds on May 11, 2022 (the “**Record Date**”) on the resolutions to be voted upon at the Meeting, and any other matter to come before the Meeting.

The persons named as proxyholders (the “**Designated Persons**”) in the enclosed form of proxy are directors and/or officers of the Company.

A SHAREHOLDER HAS THE RIGHT TO APPOINT A PERSON OR COMPANY (WHO NEED NOT BE A SHAREHOLDER), OTHER THAN THE DESIGNATED PERSONS, TO ATTEND AND ACT FOR OR ON BEHALF OF THAT SHAREHOLDER AT THE MEETING.

SUCH RIGHT MAY BE EXERCISED BY STRIKING OUT THE PRINTED NAMES AND INSERTING THE NAME OF SUCH OTHER PERSON AND, IF DESIRED, AN ALTERNATE TO SUCH PERSON, IN THE BLANK SPACE PROVIDED IN THE FORM OF PROXY. SUCH SHAREHOLDER SHOULD NOTIFY THE NOMINEE OF THE APPOINTMENT, OBTAIN THE NOMINEE’S CONSENT TO ACT AS PROXY AND SHOULD PROVIDE INSTRUCTION TO THE NOMINEE ON HOW THE SHAREHOLDER’S SHARES SHOULD BE VOTED. THE NOMINEE SHOULD BRING PERSONAL IDENTIFICATION TO THE MEETING.

In order to be voted, the completed form of proxy must be received by the Company’s registrar and transfer agent, Computershare Investor Services Inc. (“**Computershare**”) by mail at their offices located at 8th Floor, 100 University Avenue, Toronto, Ontario, Canada, M5J 2Y1, by fax to 1-866-249-7775 (toll-free within Canada and the US); +1-416-263-9524 (from outside Canada and the US), by telephone at 1-866-732-8683 (toll-free within Canada and the US); +1-312-588-4290 (direct dial from outside Canada and the US), or online via: www.investorvote.com, by 10:00 AM (Pacific Daylight Time) on Tuesday, June 28, 2022, or 48 hours (excluding Saturdays, Sundays and statutory holidays in the City of Vancouver, British Columbia) before any adjournment(s) or postponement(s) of the Meeting.

A proxy may not be valid unless it is dated and signed by the Shareholder who is giving it or by that Shareholder’s attorney duly authorized in writing or, in the case of a corporation, dated and executed by a duly authorized officer or attorney for the corporation. If a form of proxy is executed by an attorney for an individual Shareholder or joint Shareholders, or by an officer or attorney for a corporate Shareholder, the instrument so empowering the officer or attorney, as the case may be, or a notarized certified copy thereof, must accompany the form of proxy. If not dated, the proxy will be deemed to have been dated the date it is mailed to Shareholders.

Voting of Class A Shares and Proxies and Exercise of Discretion by Designated Persons

A registered Shareholder may indicate the manner in which the Designated Persons are to vote with respect

to a matter to be voted upon at the Meeting by marking the appropriate space. If the instructions as to voting indicated in the proxy are certain, the Class A Shares represented by the proxy will be voted or withheld from voting in accordance with the instructions given in the proxy. If the Shareholder specifies a choice in the proxy with respect to a matter to be acted upon, then the Class A Shares represented will be voted or withheld from the vote on that matter accordingly. **The Class A Shares represented by a proxy will be voted or withheld from voting in accordance with the instructions of the Shareholder on any ballot that may be called for, and if the Shareholder specifies a choice with respect to any matter to be acted upon, the Class A Shares will be voted accordingly.**

IF NO CHOICE IS SPECIFIED IN THE PROXY WITH RESPECT TO A MATTER TO BE ACTED UPON, THE PROXY CONFERS DISCRETIONARY AUTHORITY WITH RESPECT TO THAT MATTER UPON THE DESIGNATED PERSONS NAMED IN THE FORM OF PROXY. IT IS INTENDED THAT THE DESIGNATED PERSONS WILL VOTE THE CLASS A SHARES REPRESENTED BY THE PROXY IN FAVOUR OF EACH MATTER IDENTIFIED IN THE PROXY AND FOR THE DIRECTOR NOMINEES PUT FORWARD BY THE COMPANY'S BOARD OF DIRECTORS.

The enclosed form of proxy confers discretionary authority upon the Designated Persons with respect to other matters which may properly come before the Meeting, including any amendments or variations to any matters identified in the Notice, and with respect to other matters which may properly come before the Meeting. At the date of this Information Circular, management of the Company is not aware of any such amendments, variations, or other matters to come before the Meeting, but if any amendment, variation or other matter properly comes before the Meeting, each Designated Person named in the accompanying form of proxy intends to vote thereon in accordance with such person's best judgment.

In the case of abstentions from, or withholding of, the voting of the Class A Shares on any matter, the Class A Shares that are the subject of the abstention or withholding will be counted for determination of a quorum, but will not be counted as affirmative or negative on the matter to be voted upon.

Revocation of Proxies

A Shareholder who has given a proxy may revoke it at any time before it is exercised by an instrument in writing: (a) executed by that Shareholder or by that Shareholder's attorney authorized in writing or, where the Shareholder is a corporation, by a duly authorized officer of, or attorney for, the corporation; and (b) delivered either: (i) to the Company at the address set forth above, at any time up to and including the last business day preceding the day of the Meeting or, if adjourned or postponed, any reconvening thereof, or (ii) to the Chairman of the Meeting prior to the vote on matters covered by the proxy on the day of the Meeting or, if adjourned, any reconvening thereof or at the commencement of the Meeting in the case of a postponement, or (iii) in any other manner provided by law.

Also, a proxy will automatically be revoked by either: (i) attendance at the Meeting and participation in a poll (ballot) by a Shareholder, or (ii) submission of a subsequent proxy in accordance with the foregoing procedures. A revocation of a proxy does not affect any matter on which a vote has been taken prior to any such revocation.

Only registered Shareholders have the right to revoke a proxy. Beneficial Shareholders that wish to change their voting instructions must, in sufficient time in advance of the Meeting, contact Computershare or their intermediary to arrange to change their voting instructions.

ADVICE TO BENEFICIAL SHAREHOLDERS

The information set out in this section is of significant importance to beneficial Shareholders who do not hold shares in their own name. Shareholders who do not hold their shares in their own name (referred to in this Information Circular as “beneficial Shareholders”) should note that only proxies deposited by Shareholders whose names appear on the records of the Company as the registered holders of Class A Shares can be recognized and acted upon at the Meeting.

If shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those shares will not be registered in the shareholder’s name on the records of the company that issued the shares. Such shares will more likely be registered under the names of the shareholder’s broker or an agent of that broker. In the United States, the vast majority of such shares are registered under the name of Cede & Co. as nominee for The Depository Trust Company (which acts as depository for many U.S. brokerage firms and custodian banks), and in Canada, under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc., which acts as nominee for many Canadian brokerage firms). **Beneficial Shareholders should ensure that instructions respecting the voting of their Class A Shares are communicated to the appropriate person well in advance of the Meeting.**

Notice-and-Access

The Company is utilizing the notice-and-access mechanism (the “**Notice-and-Access Provisions**”) under National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“**NI 54-101**”) and National Instrument 51-102 – *Continuous Disclosure Obligations* (“**NI 51-102**”), for distribution of proxy-related materials to Shareholders (registered and beneficial).

Under the Notice-and-Access Provisions, instead of receiving printed copies of the Information Circular, Shareholders (registered and beneficial) will receive the Notice of Meeting with information on the Meeting date, location and purpose, as well as information on how they may access the Information Circular electronically and how they may vote.

The Company will not use the procedures known as “stratification” in relation to the use of Notice-and-Access Provisions meaning that all Shareholders (registered and beneficial) will receive the Notice of Meeting prepared in accordance with the Notice-and-Access Provisions.

Non-Registered (Beneficial) Shareholders

Only registered Shareholders or their duly appointed proxyholders are permitted to vote at the Meeting. Most shareholders of companies are “non-registered” or “beneficial” shareholders because the shares they own are not registered in their names but are instead registered in the name of a brokerage firm, bank or other intermediary or in the name of a clearing agency. Beneficial Shareholders should note that only registered Shareholders (or duly appointed proxyholders) may complete a proxy or vote at the Meeting in person.

Beneficial Shareholders fall into two categories – those who object to their identity being known to the issuers of securities which they own (“**Objecting Beneficial Owners**”, or “**OBOs**”) and those who do not object to their identity being made known to the issuers of the securities they own (“**Non-Objecting Beneficial Owners**”, or “**NOBOs**”). Subject to the provisions of NI 54-101, issuers may request and obtain a list of their NOBOs from intermediaries via their transfer agents and use this NOBO list for distribution of proxy-related materials to NOBOs.

Non-Objecting Beneficial Owners

If you are a NOBO, your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf. By choosing to distribute Meeting materials to you, the Company (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. As a result NOBOs can expect to receive a scannable Voting Instruction Form (“**VIF**”) together with the Notice of Meeting and other proxy-related materials from Computershare. These VIFs are to be completed and returned to Computershare in accordance with the instructions provided. **NOBOs should carefully follow the instructions provided, including those regarding when and where to return the completed VIFs.**

NOBOs that wish to change their vote must in sufficient time in advance of the Meeting contact Computershare to arrange to change their vote.

Should a NOBO wish to attend and vote at the Meeting in person, the NOBO must insert the NOBO’s name (or such other person as the NOBO wishes to attend and vote on the NOBO’s behalf) in the blank space provided for that purpose on the VIF and return the completed VIF in line with the instructions provided or the NOBO must submit to the Company any other document in writing that requests that the NOBO or a nominee of the NOBO be appointed as proxyholder. In such circumstances with respect to proxies held by management in respect of securities owned by the NOBO so requesting, the Company must arrange, without expense to the NOBO, to appoint the NOBO or a nominee of the NOBO as a proxyholder in respect of those securities. Pursuant to NI 54-101, if the Company appoints a NOBO or a nominee of the NOBO as a proxyholder as aforesaid, the NOBO or nominee of the NOBO, as applicable, must be given the authority to attend, vote and otherwise act for and on behalf of management in respect of all matters that may come before the Meeting and any adjournment or postponement thereof. Pursuant to NI 54-101, if the Company appoints a NOBO or its nominee as proxyholder as aforesaid the Company must deposit the proxy within the timeframe specified above for the deposit of proxies if the Company obtains the instructions at least one (1) business day before the termination of that time.

Objecting Beneficial Owners

In accordance with the requirements of NI 54-101, the Company has distributed copies of the Notice of Meeting and other proxy-related materials to the clearing agencies and intermediaries for onward distribution to OBOs. Intermediaries are required to forward proxy-related materials to OBOs unless in the case whereby OBOs have waived the right to receive certain proxy-related materials. The Company is not using intermediaries, or any other form of delivery, to provide proxy-related materials to OBOs and the Company for the cost of intermediaries to deliver the proxy-related materials to OBOs. As a result, OBOs will only receive the proxy-related materials if the OBO’s intermediary assumes the cost of delivery. Every intermediary has its own mailing procedures and provides its own return instructions to clients. **OBOs should carefully follow the instructions of their intermediary, including those regarding when and where the completed request for voting instructions is to be delivered.**

OBOs who wish to change their vote must, in sufficient time in advance of the Meeting, arrange for their respective intermediaries to change their vote.

All references to Shareholders in this Information Circular are to registered Shareholders, unless specifically stated otherwise.

VOTES NECESSARY TO PASS RESOLUTIONS

Pursuant to the Articles of Continuance of the Company, subject to the special rights and restrictions attached to the shares of any class or series of shares of the Company, the quorum for the transaction of business at a meeting of shareholders is two persons who are, or who represent by proxy, shareholders who, in the aggregate, hold at least 5% of the issued shares entitled to be voted at such meeting.

Under the *Business Corporations Act* (British Columbia) (the “**BCBCA**”) and pursuant to the Articles of Continuance, a simple majority of the votes cast at the Meeting is required to pass an ordinary resolution and a majority of not less than two-thirds of the votes cast at the Meeting is required to pass all special resolutions.

At the Meeting, Shareholders will be asked to:

- approve an ordinary resolution to set the number of directors of the Board at seven;
- elect directors of the Board;
- approve an ordinary resolution to appoint the auditor for the ensuing year and authorize the directors to set their remuneration; and
- pass an ordinary resolution approving the Company’s Share Purchase Option Plan (as described below).

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

The Company is unaware of any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, of any person who has been a director or executive officer of the Company or is a proposed nominee for election as a director of the Company (or an associate or affiliate of such director, director nominee or executive officer) at any time since the beginning of the Company’s last financial year in any matter to be acted upon at the Meeting, other than the election of directors and as a participant in the Company’s Share Purchase Option Plan.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

The Company has an authorized share capital consisting of an unlimited number of Class A Shares without par value and an unlimited number of class B common shares (the “**Class B Shares**”) without par value. Both the holders of Class A Shares and Class B Shares are entitled to receive notice of, and to attend all meetings of GoviEx shareholders and to have one vote for each such share held, except to the extent specifically limited by the BCBCA.

As of May 11, 2022, the Company had outstanding (i) 592,581,784 fully paid and non-assessable Class A Shares without par value, and (ii) NIL fully paid and non-assessable Class B Shares without par value.

A holder of record of one or more Class A Shares on the securities register of the Company on the Record Date who either attends the Meeting personally or deposits a proxy form in the manner and subject to the provisions described above will be entitled to vote or to have such Class A Shares voted at the Meeting, except to the extent that:

- (a) the Shareholder has transferred the ownership of any Class A Shares after the Record Date; and
- (b) the transferee produces a properly endorsed share certificate for, or otherwise establishes ownership of, any of the transferred Class A Shares and makes a demand to Computershare's investor services no later than ten (10) days before the Meeting that the transferee's name be included in the list of Shareholders in respect thereof.

To the knowledge of the Company's directors and executive officers, as at May 11, 2022, there are no persons who beneficially own, or control or direct, directly or indirectly, Class A Shares carrying 10% or more of the voting rights attached to all outstanding Class A Shares of the Company.

SUMMARY OF THE SHARE PURCHASE OPTION PLAN

Purpose

The purpose of the Company's Share Purchase Option Plan (the "**Plan**") is to secure for the Company and its Shareholders the benefits of incentive inherent to share ownership by the officers, directors, employees, and service providers of the Company who, in the judgment of the Board, will be largely responsible for its future growth and success (individually, an "**Eligible Person**", collectively "**Eligible Persons**"). The Plan has been approved by the Company's shareholders. In accordance with the policies of the TSX Venture Exchange (the "**TSXV**"), such approval must be obtained annually.

Equity incentive plans of this nature are not intended to reward or compensate Eligible Persons for past contributions to the Company. The objective of the Plan is to aid in retaining and encouraging Eligible Persons of exceptional ability by offering to them the opportunity: (i) to acquire a proprietary interest by exercising options convertible into Class A Shares (as defined herein), and (ii) to benefit from the appreciation in the value of such shares.

Limits of Issuance

The aggregate number of Class A Shares that may be reserved for issuance under the Plan (together with any other securities based compensation arrangements of the Company in effect from time to time) shall be equal to 10% of total issued and outstanding Class A Shares, at any given time; provided that, if any Option subject to the Plan is forfeited, expires, is terminated or is cancelled for any reason whatsoever (other than by reason of the exercise thereof, in which case the Shares are automatically reloaded and available for future option grants), then the maximum number of Shares for which Options may be granted hereunder shall be increased by the number of Shares which were the subject of such forfeited, expired, terminated or cancelled Option. This prescribed maximum may be subsequently increased to any other specified amount provided the increase is authorized by a vote of the Shareholders or directors of the Company.

In addition, and so long as the Class A Shares are listed on the TSXV, the aggregate number of Class A Shares:

- a. That may be issued to any one Eligible Person (and any companies wholly-owned by that Eligible Person) under the Plan and other share compensation arrangements of the Company within any one-year period shall not exceed 5% of the Company's total issued and outstanding share capital, calculated at the date an option is granted to such Eligible Person, unless the Company has obtained "disinterested shareholder approval" in accordance with the policies of the TSXV;
- b. That may be issued to any one Consultant (as such term is defined in the Plan) under the Plan and other share compensation arrangements of the Company during any 12-month period shall not exceed 2% of the Company's total issued and outstanding share capital, calculated at the date an option is granted to such Consultant;
- c. That may be issued to all persons retained to provide Investor Relations Activities (as such term is defined in the Plan) under the Plan and other share compensation arrangements of the Company during any 12-month period shall not exceed 2% of the Company's total issued and outstanding share capital, calculated at the date an Option is granted to any such person;
- d. That may be issued to Insiders under the Plan and other share compensation arrangements of the Company shall not exceed 10% of the Company's total issued and outstanding share capital, unless the Company has obtained "disinterested shareholder approval" in accordance with the policies of the TSXV;
- e. That may be issued to Insiders under the Plan and other share compensation arrangements of the Company within any 12 month period shall not exceed 10% of the Company's total issued and outstanding share capital, unless the Company has obtained "disinterested shareholder approval" in accordance with the policies of the TSXV.

In the above paragraph, the “*total issued and outstanding share capital*” means the total number of Class A Shares, on a non-diluted basis, that are issued and outstanding as of the date that any Class A Shares are issued or reserved for issuance pursuant to an award under the Plan.

For greater certainty, as the Plan is a rolling plan, the reloading of options is permitted under the Plan and options that are exercised, surrendered, terminated or expire without being exercised no longer represent Class A Shares reserved for issuance under the Plan and do not decrease the number of Class A Shares issuable under the Plan, as determined at any given time, subject to the Plan’s provisions for vesting and lapsed options.

Options Terms

The Board may at any time authorize the granting of options to such Eligible Persons as it may select, for the number of Class A Shares that it shall designate subject to the provisions of the Plan. The term of any options granted shall be five years from the date such option is granted (or such greater or lesser duration as the Board, on the recommendation of the Compensation Committee of the Board, may determine at the date of grant), provided that:

- a. if the expiry date should be determined to occur during a “blackout period”, the expiry date of any vested option shall be deemed to be the tenth business day following expiry of such blackout period;
- b. so long as the Company’s Shares are listed on the TSX Venture Exchange, the term of an Option may be extended to an effective term not exceeding 10 years in total at the discretion of the Board or Committee if:
 - i. prior TSX Venture Exchange approval is obtained and at least one year has elapsed since the date such Option was granted; and
 - ii. “disinterested shareholder approval” is obtained in accordance with the policies of the TSX Venture Exchange for any extension of the term of an Option held by an Insider of the Company;
- c. if the length of the Option term is amended, any extension of the length of the term of the Option is treated as a grant of a new Option, and therefore the amended Option must comply with the pricing and other requirements of the TSX Venture Exchange policies as if it were a newly granted Option.

Exercise Price and Adjustments

The exercise price per Class A Share of any option shall be not less than 100% of the Fair Market Value (as such term is defined in the Plan) on the date of grant.

Notwithstanding any term or condition under the Plan, the Company may be required, and shall have the right and authority, to adjust the exercise price of an option pursuant to applicable regulatory approvals.

So long as the Company’s Class A Shares are listed on the TSXV, the exercise price per option may be reduced at the discretion of the Board or Compensation Committee if:

- a. prior TSXV approval is obtained and at least six months has elapsed since the later of the date such option was granted and the date the exercise price for such option was last amended; and
- b. “disinterested shareholder approval” is obtained in accordance with the policies of the TSXV for any reduction in the exercise price under an option held by an Insider (as such term is defined in the Plan) of the Company;

provided that if the exercise price is reduced to less than the Fair Market Value, the hold period required by the TSXV will apply from the date of the amendment. Any adjustments, other than in connection with a security consolidation or security split, to Options granted or issued under this Plan are subject to the prior acceptance of the TSX Venture Exchange, including adjustments related to an amalgamation, merger, arrangement, reorganization, spin-off, dividend or recapitalization.

Option Vesting

Unless otherwise determined by the Board, options shall vest (in each case to the nearest full Class A Share) in four equal parts, representing 25% of the options, commencing on the date of grant and on each of the three anniversaries of the date of grant thereafter.

If options are surrendered, terminated or expire without being exercised in whole or in part, new options may be granted covering the Class A Shares not purchased under such lapsed options, subject to, in the case of the cancellation of an option in connection with the grant of a new option to the same person on different terms, when applicable, the consent of the Stock Exchange (as such term is defined in the Plan).

Effect of Termination of Employment or Death

Unless otherwise determined by the Board, if an Eligible Person ceases to be employed by, or act as, a director of the Company or its affiliate: (i) as a result of death, any vested option held by such Eligible Person at the date of death shall be exercisable only for 12 months after such date or the expiration of the option, whichever is sooner; (ii) for any reason other than death or cause, any vested option held by such Eligible Person at the effective date thereof shall become exercisable for a period of up to 30 days thereafter or the expiration of the option, whichever is sooner; or (iii) for cause, no option held by such Eligible Person will be exercisable following the date on which such Eligible Person ceased to be employed or to be a director, as the case may be. Any option that has not become a Vested Option (as such term is defined in the Plan) shall automatically expire and become available for future option grants. In any case, all Options held by such Optionees shall expire within a period, reasonable under the circumstances and not exceeding 12 months following the date the Optionee ceases to be an Eligible Person under the Plan.

Amendments

The Board may amend the terms of the Plan at any given time either prospectively or retrospectively, amend, suspend or terminate the Plan or any option, vested option or other award granted under the Plan, including, without limiting the generality of the foregoing: changes of a clerical or grammatical nature, changes regarding the persons eligible to participate in this Plan, changes to the option exercise price, vesting, term and termination provisions of options, changes to the authority and role of the Compensation Committee under the Plan, changes to the acceleration and vesting of options in the event of a takeover bid, and any other matter relating to the Plan and the options and awards granted thereunder, provided however that: (a) such amendment, suspension or termination is in accordance with applicable laws and the rules of the applicable stock exchange; (b) any amendments to the Plan other

than changes of a clerical or grammatical nature are subject to shareholder approval; (c) no amendment to the Plan or to an option granted hereunder will have the effect of impairing, derogating from or otherwise adversely affecting the terms of a vested option at the time of such amendment without the written consent of the holder of such vested option; and (d) the expiry date of an option period in respect of an option shall not be more than 10 years from the date of grant of an option.

CORPORATE GOVERNANCE DISCLOSURE

Current Corporate Governance Policies and TSX Corporate Governance Policies

The Company's current set of corporate governance policies is available for viewing on its website, www.goviex.com.

Advance Notice Policy

In accordance with the Company's advance notice policy ("Advance Notice Policy"), Shareholders who wish to nominate a candidate for election as a director must provide timely written notice in proper form by personal delivery, mail, facsimile or email to the Corporate Secretary of the Company. The notice must be provided not less than 30 days prior to the meeting for annual general meetings of shareholders and not less than 15 days prior to the meeting for special meetings of shareholders. As a result, any Shareholder wishing to nominate a candidate as a director is required to provide notice to the Company by May 30, 2022. The Advance Notice Policy forms a part of the Company's Articles of Continuation, which are available under the Company's profile at www.sedar.com.

Majority Voting Policy and other TSX Policies

A majority voting policy ("Majority Voting Policy") typically stipulates that for any uncontested elections of directors, if the number of votes withheld exceeds the number of votes in favour of the election of a director nominee at a Shareholders' meeting, the nominee will be required to immediately tender his or her resignation after the meeting to the Chair of the Board who will then refer it to the Nominating and Corporate Governance Committee for consideration. The Nominating and Corporate Governance Committee will then make a recommendation to the Board after reviewing the matter and any extenuating circumstances, and the Board will act on the Nominating and Corporate Governance Committee's recommendation within 90 days following the applicable Shareholders' meeting. The Board's decision to accept or reject the resignation offer will promptly be disclosed to the public by news release. The nominee in question will not participate in any Nominating and Corporate Governance Committee or Board deliberations on the resignation offer. Typically, Majority Voting Policies do not apply in circumstances involving contested director elections.

As a venture issuer, Company is not required to adopt and has not adopted a Majority Voting Policy in connection with director elections. It intends to adopt this policy over the coming fiscal years along with other policies typically governing TSX issuers as well as TSX disclosure standards, to the extent applicable

and to the extent that those standards do not conflict with its disclosure obligations as a TSXV listed company while it is listed on the TSXV.

Board of Directors

Directors are considered to be independent if they have no direct or indirect material relationship with the Company. A “material relationship” is a relationship which could, in the view of the Board, be reasonably expected to interfere with the exercise of a director’s independent judgment.

The Board is currently comprised of seven directors, five of whom are independent. The Board has determined that Christopher Wallace, Benoit La Salle, David Cates, Eric Krafft and Salma Seetaroo are independent directors. The Board has determined that Govind Friedland and Daniel Major are not independent directors because Mr. Friedland is the Company’s Executive Chairman and Mr. Major is its Chief Executive Officer. Certain of the Company’s directors are directors of other reporting issuers (or the equivalent in Canada or foreign jurisdictions), as set out in the following:

| Name | Name of Reporting Issuer |
|------------------|---|
| Govind Friedland | Cordoba Minerals Corp. Sama Resources Inc. |
| Daniel Major | Leading Edge Materials Corp. |
| Benoit La Salle | Earth Alive Clean Technologies Inc. Sama Resources Inc. SRG Mining Inc. Aya Gold & Silver Inc. |
| David Cates | Skyharbour Resources Ltd. Denison Mines Corp. |
| Eric Krafft | Leading Edge Materials Corp. Immunovia AB |

The fact that the majority of Board members are independent facilitates the Board’s exercise of independent supervision over management. Additionally, as the Executive Chairman is not independent, Mr. La Salle acts as the Board’s Lead Director. The independent directors do not hold regularly scheduled meetings at which non-independent directors and members of management are not in attendance. However, the Board will, in appropriate circumstances, meet separately from non-independent directors and the independent directors will have open and candid discussions among themselves.

In addition, directors are encouraged to take courses relevant to the Company and its business, particularly with respect to corporate governance and the mining industry, at the Company's expense.

Ethical Business Conduct

The Company has adopted a Code of Business Conduct and Ethics (the "**Code**") applicable to all employees, consultants, officers and directors regardless of their position in the organization, at all times and everywhere the Company does business. The Code provides that the Company's employees, consultants, officers and directors will uphold its commitment to a culture of honesty, integrity and accountability and the Company requires the highest standards of professional and ethical conduct from its employees, consultants, officers and directors. The Code is available on the Company's website (www.goviex.com) and under the Company's profile on www.sedar.com. The IBC Policy sets forth principles and procedures designated to ensure that the Company complies with the requirements of various national laws prohibiting corruption and bribery, including the Canadian *Corruption of Foreign Public Officials Act* and the U.S. *Foreign Corrupt Practices Act*, as well as other guidelines and standards that comprise best business practices.

All directors and employees are provided with a copy of the Code and are required to sign a written acknowledgement confirming that they have received, reviewed and understand its contents and agree to abide by the Code. All of the Company's directors, management and employees are required to complete an online e-learning training course relating to anti-corruption and the *Corruption of Foreign Public Officials Act*.

In order to assist the Company in ensuring compliance with the Code, all employees are required to confirm, on an annual basis, that they have reviewed and understand the Code and agree to be bound by terms of the Code.

The nominating and corporate governance committee of the Company (the "**Nominating and Corporate Governance Committee**") monitors the disclosure of conflicts of interest to the Board by directors and ensure that no director will vote or participate in a discussion on a matter in respect of which such director has a material interest. Conflicted directors are excused from meetings during the discussion of such related transaction.

The Company encourages participation in education programs for its personnel dealing with matters of corporate ethics and best practices.

Nomination of Directors

The Nominating and Corporate Governance Committee consists of Benoit La Salle (Chair), Christopher Wallace and Eric Krafft, each of whom is an independent director.

The Board seeks to achieve a balanced representation of skilled and experienced independent directors and has determined to continue to seek, through its Nominating and Corporate Governance Committee, qualified candidates as required to augment its experience and expertise and to enhance the Company's ability to effectively develop its business interests. The Board determines, in light of the opportunities and risks facing the Company, what competencies, skills and personal qualities it should seek in new board members in order to add value to the Company. Based on this framework, the Nominating and Corporate Governance Committee has developed a skills matrix that outlines the Company's desired complement of directors' industry knowledge and experience, expertise, governance skills and behaviour skills. The Nominating and Corporate Governance Committee regularly assesses the Board and individual directors through the use of the skills matrix and peer and self-assessment tools to determine the Board's strengths and identify any gaps that need to be filled. This analysis assists the Nominating and Corporate Governance Committee in discharging its responsibility for approaching and proposing to the Board new nominees, and for assessing directors on an ongoing basis. The Nominating and Corporate Governance Committee will receive and review recommendations from directors and members of management in determining whether to nominate a new director and has the authority to hire outside consultants to help identify additional qualified candidates as may be required.

The Nominating and Corporate Governance Committee has the responsibility for developing and recommending to the Board, and overseeing the execution of, a process for assessing the effectiveness of the Board as a whole, the committees of the Board and the contribution of individual directors, on a regular basis.

Other Board Committees

The Board has an Environmental, Social, and Governance Committee (the "**ESG Committee**"). The purpose of the ESG Committee is to support the Company's on-going commitment to environmental, health and safety, corporate social responsibility, governance, sustainability, and other public policy matters relevant to the Company (collectively, "**ESG Matters**"). The duties of the ESG Committee are to assist the Board and the Company's senior management in:

- a) setting the Company's general strategy and direction relating to ESG Matters, as well as developing, and monitoring initiatives and policies at the Company based on that strategy;
- b) overseeing communications with employees, investors, and other stakeholders of the Company with respect to ESG Matters;
- c) monitoring and anticipating developments relating to, and improving the Company's understanding of, ESG Matters;

- g) ensuring the appropriate budgeted resources (human and financial) are allocated appropriately to address ESG Matters across the GoviEx assets.

Although the ESG Committee has the powers and responsibilities set forth in its charter, the primary role of the ESG Committee is oversight. The members of the ESG Committee shall set policy and provide direction and shall not be responsible for implementation.

The Nominating and Corporate Governance Committee is responsible for corporate governance in general. The ESG Committee focuses on governance matters as they relate specifically to ESG Matters. Where there is an overlap on governance issues, the ESG Committee shall defer to the Nominating and Corporate Governance Committee.

Assessments

The Nominating and Corporate Governance Committee has developed and implements a process to assess the Board, each of its committees, and the contribution of individual directors. In accordance with its mandate, the Nominating and Corporate Governance Committee: (i) examines the size and composition of the Board and recommends adjustments from time to time to ensure that the Board is of a size and composition that facilitates effective decision-making; (ii) identifies and assesses the necessary and desirable competencies and characteristics for the Board and the extent to which those competencies and characteristics are represented therein; (iii) ensures that the Board has appropriate structures and procedures in order to function with the proper degree of independence from management; (iv) reviews practices and procedures of the Board in light of ongoing developments in securities law, stock exchanges and regulatory requirements, and industry best practices, relating to matters of corporate governance; and (v) reviews and reassesses the adequacy of the Company's corporate governance policies, practices and procedures annually and recommends to the Board any changes it deemed appropriate.

Compensation Discussion and Analysis

Objectives of Compensation Program

The objectives of the Company's compensation program are to provide incentives to attract, motivate and retain qualified and experienced executives, to align their interests with the interests of the Company's shareholders, and to provide for transparent and defensible compensation.

Overview of the Compensation Philosophy

- The Company's Compensation Committee was established by the Board in 2009. Through the Compensation Committee, the Board is committed to the transparent presentation of its compensation program.

- The three principal elements of the compensation program are: (i) base salary; (ii) performance bonuses (cash and/or shares); and (iii) long term incentives.
- Overall incentive compensation is awarded based on individual performance objectives, experience levels of the individual, responsibilities relating the individuals position and salaries paid by the Company's peer compensation group at the time.

Role of the Compensation Committee

The duties and responsibilities of the Compensation Committee include the development of a compensation philosophy and policy, evaluating the performance of the Company's senior executive officers, reviewing their compensation, monitoring equity incentive arrangements and making recommendations about the foregoing to the Board.

The role of the Compensation Committee is primarily to review the adequacy and form of compensation of executive management and the directors with such compensation realistically reflecting the responsibilities and risks of such positions, to administer the Company's equity compensation plan, to determine the recipients of, and the nature and size of share compensation awards granted from time to time and to make recommendations to the Board about the remuneration of executive management, option grants and any bonuses to be awarded. The committee conducts a formal review of the Company's executive compensation on an annual basis and otherwise as required to satisfy itself and the Board that the Company's compensation objectives are being met.

All of the Compensation Committee members are independent directors. All meetings of the Compensation Committee are documented in the form of meeting minutes. The Compensation Committee is made up of the following members, all of whom have experience in dealing with compensation matters:

Compensation Philosophy and Goals

The Board has the responsibility of overseeing the Company's compensation program. The Board has delegated certain oversight responsibilities to the Compensation Committee but retains final authority over the compensation program and process, including approval of material amendments to or the adoption of new equity-based compensation plans and the review and approval of Compensation Committee recommendations.

The Compensation Committee oversees and sets the general guidelines and principles for the Company's executive compensation policies. It assesses the individual performance of the Company's executive officers and makes recommendations relating to compensation to the Board. Based on these recommendations, the Board makes decisions concerning the nature and scope of the compensation to be paid to the Company's executive officers. The Compensation Committee bases its recommendations to the Board on its compensation philosophy and the Compensation Committee's assessment of corporate and individual performance, recruiting and retention needs. In the normal course, the Company's total compensation package is comprised of three principal elements: salary, bonus, and equity incentives.

The Chairman of the Compensation Committee will meet with the CEO at least annually to discuss management's corporate goals for the forthcoming year, and to complete the annual review of the CEO's performance. The Compensation Committee works with the CEO to evaluate the performance and set the compensation, including proposed salary adjustments and awards, for the other NEOs.

Compensation Decisions for 2021

The core element of the Company's compensation program is base salary. The Company's view is that a competitive base salary is a necessary element for attracting and retaining qualified senior management personnel to drive business results. The amount payable to executive management as base salary is determined primarily by the level of responsibility and the importance of the position to the Company, and by consideration of the range of salaries offered by comparable companies within the mining industry.

In awarding long term incentives during 2021, the Compensation Committee and the Board placed generally more emphasis on incentivizing executive management through the grant of stock options in order to better align long term executive interest with long term shareholder value.

NEOs

The significant elements of compensation awarded to NEOs in the most recently completed financial year were generally base salary and a stock option grants (see “Director and Named Executive Officer Compensation, Excluding Compensation Securities” above). NEO compensation was not tied to any performance criteria or goal. Other than as disclosed herein, there were no events that occurred during the most recently completed financial year that have significantly affected NEO compensation. Currently, no formal peer group is used to determine NEO compensation.

Directors

Effective April 1, 2013, the Board determined to suspend retainer fee arrangements for non-executive directors of the Company until the Company’s financial circumstances improved. In 2017, the Board approved the re-institution of annual retainer fee (“**Retainer**”) payments to the Company’s non-executive directors (collectively, “**NEDS**”) for their services to the Company as NEDS to an aggregate maximum amount of \$80,000 per annum (the “**Fee Pool**”) and delegated authority to the Compensation Committee to determine the timing of the Retainer payments to NEDS and the allocation of the Fee Pool among NEDS. In 2018 the Board approved a \$20,000 increase to the Fee Pool to an aggregate maximum amount of \$100,000 per annum and in 2021 the Fee Pool was increased by 2.5% to \$102,500 (see “*Director and Named Executive Officer Compensation, Excluding Compensation Securities*” above).

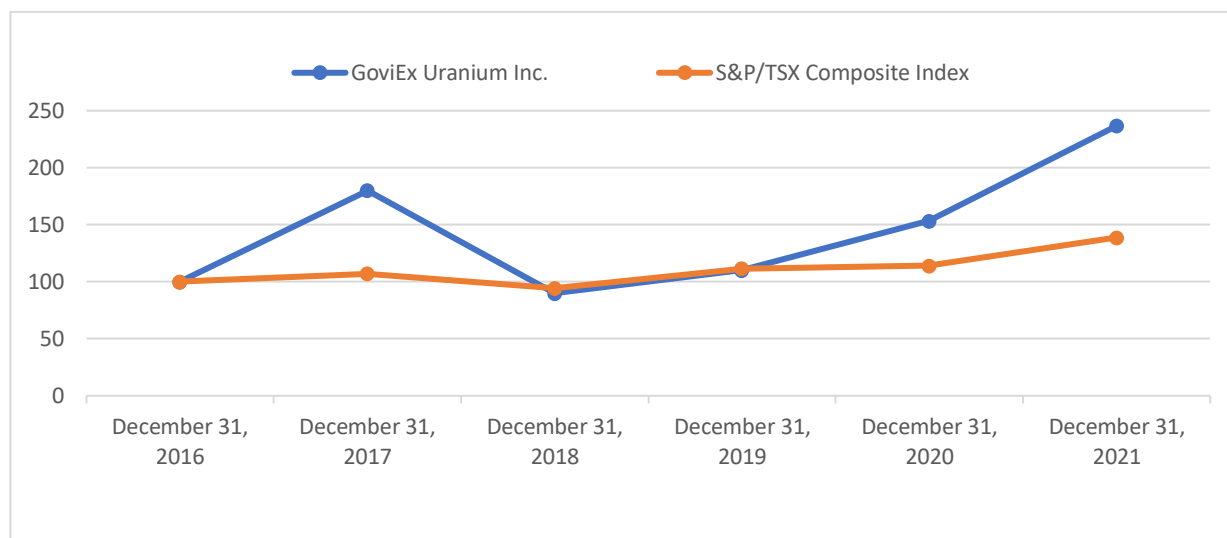

Management of Risk

In designing and implementing the Company's compensation policy, the Compensation Committee and the Board regularly assess the risks associated with the Company's policies and practices. The Compensation Committee maintains sufficient discretion and flexibility in implementing compensation decisions such that unintended consequences in remuneration can be minimized, while still allowing the Compensation Committee to be responsive to market forces in a competitive environment.

NEOs and directors are not permitted to purchase financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or director, by the NEO or director in accordance with the Company's Corporate Disclosure & Confidentiality Policy.

Performance Graph

The following graph compares the cumulative total shareholder return on \$100 invested in shares of the Company with \$100 invested in the S&P/TSX Composite Index for the period beginning December 31, 2016 to December 31, 2021 (the Company’s most recently completed financial year end), based on the closing price of the shares on the last trading day of each year. All dollar amounts are reflected in Canadian dollars.

As discussed above underneath the heading “Compensation Discussion and Analysis”, the Company’s compensation consists of base salary and long-term incentives through the Plan. The grant of stock options is intended to provide long term rewards to motivate and retain talented and capable board members and executive management. The value of any equity component of executive compensation, including stock options, will naturally fluctuate along with any fluctuations in the market performance of the shares.

From December 2016 to December 2021, shareholder return generally increased, and the Company has outperformed the S&P/TSX Composite Index. The Board is satisfied that the compensation offered to the Company’s NEOs is consistent with the Company’s continued progress in building its business and is fair and reasonable, especially considering the trend in the Company’s performance shown in the graph above.

Option Based Rewards

The Plan is administered by the Board with the assistance of the Compensation Committee, which makes recommendations to the Board as to the recipients of options and the terms and conditions of each grant. As at the date hereof, there is an aggregate 33,750,000 incentive stock options granted and outstanding to the Company’s and its affiliates’ officers, directors, employees and service providers exercisable to acquire up to 33,750,000 Class A Shares.

Please refer to the section called "Summary of the Share Purchase Option Plan" in this Information Circular for key provisions of the Plan.

I. Purpose

The primary objective of the Audit Committee (the “**Committee**”) of GoviEx Uranium Inc. (the “**Company**”) is to act as a liaison between the Board and the Company’s independent auditors (the “**Auditors**”) and to assist the Board in fulfilling its oversight responsibilities with respect to (a) the financial statements and other financial information provided by the Company to its shareholders, the public and others, (b) the Company’s compliance with legal and regulatory requirements, (c) the qualification, independence and performance of the Auditors and (d) the Company’s risk management and internal financial and accounting controls, and management information systems.

Although the Committee has the powers and responsibilities set forth in this Charter, the role of the Committee is oversight. The members of the Committee are not full-time employees of the Company and may or may not be accountants or auditors by profession or experts in the fields of accounting or auditing and, in any event, do not serve in such capacity. Consequently, it is not the duty of the Committee to conduct audits or to determine that the Company’s financial statements and disclosures are complete and accurate and are in accordance with generally accepted accounting principles and applicable rules and regulations. These are the responsibilities of management and the Auditors.

The responsibilities of a member of the Committee are in addition to such member’s duties as a member of the Board.

II. Organization

The Committee shall consist of three or more directors of the Company and shall satisfy the laws governing the Company and the independence, financial literacy, expertise and experience requirements under applicable securities law, stock exchange and any other regulatory requirements applicable to the Company.

The members of the Committee and the Chair of the Committee shall be appointed by the Board. A majority of the members of the Committee shall constitute a quorum. A majority of the members of the Committee shall be empowered to act on behalf of the Committee. Matters decided by the Committee shall be decided by majority votes. The chair of the Committee shall have an ordinary vote.

Any member of the Committee may be removed or replaced at any time by the Board and shall cease to be a member of the Committee as soon as such member ceases to be a director.

The Committee may form and delegate authority to subcommittees when appropriate.

III. Meetings

The Committee shall meet as frequently as circumstances require, but not less frequently than four times per year. The Committee shall meet at least quarterly with management, the Company’s financial and accounting officer(s) and, as may be required, the Auditors in separate executive sessions to discuss any matters that the Committee or each of these groups believe should be discussed privately.

The Chair of the Committee shall be an independent chair who is not Chair of the Board. In the absence of the appointed Chair of the Committee at any meeting, the members shall elect a chair from those in attendance at the meeting. The Chair, in consultation with the other members of the Committee, shall set

the frequency and length of each meeting and the agenda of items to be addressed at each upcoming meeting.

The Committee will appoint a Secretary who will keep minutes of all meetings. The Secretary may be the Company's Corporate Secretary or another person who does not need to be a member of the Committee. The Secretary for the Committee can be changed by simple notice from the Chair.

The Chair shall ensure that the agenda for each upcoming meeting of the Committee is circulated to each member of the Committee as well as the other directors in advance of the meeting.

The Committee may invite, from time to time, such persons as it may see fit to attend its meetings and to take part in discussion and consideration of the affairs of the Committee. The Company's accounting and financial officer(s) and the Auditors shall attend any meeting when requested to do so by the Chair of the Committee.

IV. Authority and Responsibilities

PART 2 SHARE OPTION PLAN

2.1 Participation

Options shall be granted by the Board only to Eligible Persons. For Options granted to employees and Consultants, the Company and the Optionee are responsible for ensuring and confirming that the Optionee is a bona fide employee or Consultant of the Company, as the case may be.

2.2 Administration of Share Option Plan

This Share Option Plan shall be administered by the Committee under the authority and supervision of the Board.

2.3 Price

The exercise price per Share of any Option shall be not less than 100% of the Fair Market Value on the date of grant (the **“Option Exercise Price(s)”**).

2.4 Adjustment in Exercise Price

Notwithstanding any term or condition under this Plan, each Optionee will be asked to acknowledge that the Company may be required, and shall have the right and authority, to adjust Option Exercise Prices (an **“Adjustment”**) pursuant to applicable Regulatory Approvals. Prior to effecting any Adjustment, the Company will give notice to the Optionee of the Adjustment and will permit the Optionee, for a period of 30 days following delivery of such notice (the **“Notice Period”**), to exercise Vested Options, or any portion thereof, at the unadjusted Option Exercise Price. Upon the expiration of the Notice Period, the Option Exercise Price of any unexercised portion of the Option(s) will be amended immediately in accordance with the Adjustment.

So long as the Company’s Shares are listed on the TSX Venture Exchange, the exercise price per Option may be reduced at the discretion of the Board or Committee if:

- (a) prior TSX Venture Exchange approval is obtained and at least six months has elapsed since the later of the date such Option was granted and the date the exercise price for such Option was last amended; and
- (b) “disinterested shareholder approval” is obtained in accordance with the policies of the TSX Venture Exchange for any reduction in the exercise price under an Option held by an Insider of the Company;

provided that if the exercise price is reduced to less than the Fair Market Value, the hold period required by the TSX Venture Exchange will apply from the date of the amendment.

2.5 Grant of Options

The Board, on the recommendation of the Committee or on its own, may at any time approve the granting of Options to Eligible Persons subject to the terms and provisions of this Plan. The date of grant of any Option shall be the date such grant was approved by the Board, whether or not it was recommended by the Committee.

Each Option granted to an Eligible Person shall be evidenced by a share option agreement with terms and conditions consistent with this Plan (which terms and conditions may vary and be modified at any given time, subject to Subsection 4.7 of this Plan, and the approval of any material changes by the Stock Exchange).

2.6 Term of Options

The Option Period shall be five years from the date of an Option grant or such greater or lesser duration as the Board, on the recommendation of the Committee or on its own, may determine at the date of grant, and may thereafter be reduced with respect to any such Option Period, as provided for in Subsection 2.9 hereunder.

So long as the Company’s Shares are listed on the TSX Venture Exchange, the term of an Option may be extended to an effective term not exceeding 10 years in total at the discretion of the Board or Committee if:

- (a) prior TSX Venture Exchange approval is obtained and at least one year has elapsed since the date

such Option was granted; and

- (b) “disinterested shareholder approval” is obtained in accordance with the policies of the TSX Venture Exchange for any extension of the term of an Option held by an Insider of the Company;

provided that if the length of the Option term is amended, any extension of the length of the term of the Option is treated as a grant of a new Option, and therefore the amended Option must comply with the pricing and other requirements of the TSX Venture Exchange policies as if it were a newly granted Option.

2.7 Blackout Period

However, if the expiry date of the Option Period in respect of any Vested Option granted to an Insider under this Plan should occur during a Blackout Period, then the expiry date of such Option Period shall be deemed to be the date that is the tenth business day following the expiry of the Blackout Period.

2.8 Vesting of Options and Lapsed Options

Unless otherwise determined by the Board, on the recommendation of the Committee or on its own, Options shall only be considered “Vested Options” and thereupon may be exercised (in each case to the nearest full Share) during the Option Period as follows:

- (a) At any time during the first year of the Option Period, the Optionee may subscribe up to 25% of the total number of Shares reserved for issuance pursuant to his or her Options; and
- (b) At any time during each additional year of the Option Period the Optionee may purchase an additional 25% of the total number of Shares reserved for issuance pursuant to his or her Options plus any Shares not purchased in accordance with the preceding subsection (a) until, in the fourth year of the Option Period, 100% of the Options granted by the Board will be exercisable.

Except as set forth in Subsection 2.9, no Option may be exercised unless the Optionee is at the time of such exercise:

- (i) In the case of an Eligible Person who is an employee, in the employ of the Company or an Affiliate and shall have been continuously so employed since the grant of his Option, but absence on leave, having the approval of the Company or such Affiliate, shall not be considered an interruption of employment for any purpose of the Share Option Plan;
- (ii) In the case of an Eligible Person who is a director of the Company or an Affiliate and shall have been such a director continuously since the grant of his Option; or
- (iii) In the case of an Eligible Person who is a Consultant, providing services as a Consultant continuously since the grant of his Option.

Subject to Subsection 2.6, the exercise of any Vested Option will be contingent upon the Optionee having entered into a Share Option agreement with the Company on such terms and conditions as have been approved by the Board, on the recommendation of the Committee or on its own, and which incorporates by reference the terms and conditions of this Plan. The exercise of any Vested Option will also be contingent upon receipt by the Company of cash payment of the full Option Exercise Price for the Shares being purchased in compliance with TSX Venture Exchange Policy 4.4 pursuant to a duly completed

Subscription Form, as provided for at Schedule "A" attached hereto. No Optionee or his legal representatives or legatees will be, or will be deemed to be, a holder of any Shares subject to an Option, unless and until certificates for such Shares are issued to him or them under the terms of this Plan.

If Options are surrendered, terminated or expire without being exercised in whole or in part, new Options may be granted covering the Shares not purchased under such lapsed Options, subject in the case of the cancellation of an Option in connection with the grant of a new Option to the same person on different terms, when applicable, to the consent of the Stock Exchange.

2.9 Effect of Termination of Employment or Death

If an Optionee:

- (a) Dies, any Vested Option held by him or her at the date of death shall become exercisable in whole or in part, but only by the person or persons to whom the Optionee's rights under the Vested Option shall pass by the Optionee's will or applicable laws of descent and distribution. Unless otherwise determined by the Board, on the recommendation of the Committee or on its own, all such Vested Options shall be exercisable only to the extent that the Optionee was entitled to exercise the Vested Option at the date of his death and only for 12 months after the date of death or prior to the expiration of the Option Period in respect thereof, whichever is sooner; or
- (b) Ceases to be employed by or act as a director or Consultant of the Company or its Affiliate:
 - i. For cause, no Option held by such Optionee may or will be exercisable following the date on which such Optionee ceases to be so employed or ceases to be a director or a Consultant, as the case may be;
 - ii. Other than cause then, unless otherwise determined by the Board, on the recommendation of the Committee or on its own, any Vested Option then held by such Optionee at the effective date of termination shall become exercisable for a period of up to 30 consecutive days or prior to the expiration of the Option Period in respect thereof, whichever is sooner and any Option that has not become a Vested Option shall automatically expire and become available for future Option grants. In any case, all Options held by such Optionees shall expire within a period, reasonable under the circumstances and not exceeding 12 months following the date the Optionee ceases to be an Eligible Person under the Plan;
 - iii. The entitlement of a Consultant to Options including the termination thereof shall be in accordance with the terms of the consulting agreement entered into between the Company or Affiliate of the Company and the Consultant, provided that in no event shall the Options of any Consultant continue to be outstanding 30 days following the date upon which the consulting agreement between the Consultant and the Company or Affiliate of the Company is terminated.

PART 3 Company Share Capital Reorganisation

3.1 Effect of Takeover Bid

If a bona fide offer (the "**Offer**") for Shares is made to the Optionee or to Company shareholders generally or to a class of Company shareholders which includes the Optionee, which Offer, if accepted in whole or in part, would result in the offeror exercising control over the Company within the meaning of subsection 1(3) of the *Securities Act* (Ontario) (as amended from time to time), then the Company shall, immediately upon receipt of notice of the Offer, notify each Optionee currently holding Options with full particulars of the Offer, whereupon and notwithstanding Subsection 2.6 hereof, Options may be exercised in whole or in part by the Optionee so as to permit the Optionee to tender the Shares received upon such exercise pursuant to the Offer.

3.2 Effect of Amalgamation or Merger

If the Company amalgamates or merges with or into another corporation, any Shares receivable on the exercise of Options shall be converted into the securities, property or cash which the Optionee would have received upon such amalgamation or merger if the Optionee had exercised his Options immediately prior to the record date applicable to such amalgamation or merger, and the Option Exercise Price shall be adjusted appropriately by the Board and such adjustment shall be binding for all purposes of this Plan.

3.3 Adjustment in Shares Subject to the Plan

If there is any change in the Shares through the declaration of stock dividends of Shares or consolidations, subdivisions or reclassification of Shares, or otherwise, the number of Shares available under this Plan, the Shares subject to any Option, and the Option Exercise Price thereof shall be adjusted appropriately by the Board and such adjustment shall be effective and binding for all purposes of this Plan. Any adjustments, other than in connection with a security consolidation or security split, to Options granted or issued under this Plan are subject to the prior acceptance of the TSX Venture Exchange, including adjustments related to an amalgamation, merger, arrangement, reorganization, spin-off, dividend or recapitalization.

PART 4 GENERAL

4.1 Number of Shares

The aggregate number of Shares that may be reserved for issuance under this Plan (together with any other securities based compensation arrangements of the Company in effect from time to time) shall be equal to 10% of total issued and outstanding Shares, at any given time; provided that, if any Option subject to the Plan is forfeited, expires, is terminated or is cancelled for any reason whatsoever (other than by reason of the exercise thereof, in which case the Shares are automatically reloaded and available for future Option grants), then the maximum number of Shares for which Options may be granted hereunder shall be increased by the number of Shares which were the subject of such forfeited, expired, terminated or cancelled Option. This prescribed maximum may be subsequently increased to any other specified amount provided the increase is authorized by a vote of the Directors or Shareholders of the Company. In addition, and so long as the Shares are listed on the TSX Venture Exchange, the aggregate number of Shares:

- a) That may be issued to any one Eligible Person (and any companies wholly-owned by that Eligible Person) under the Plan and other share compensation arrangements of the Company within any

one-year period shall not exceed 5% of the Company's total issued and outstanding share capital, calculated at the date an Option is granted to such Eligible Person, unless the Company has obtained "disinterested shareholder approval" in accordance with the policies of the TSX Venture Exchange;

- b) That may be issued to any one Consultant under the Plan and other share compensation arrangements of the Company during any 12 month period shall not exceed two percent (2%) of the Company's total issued and outstanding share capital, calculated at the date an Option is granted to such Consultant;
- c) That may be issued to all persons retained to provide Investor Relations Activities under the Plan and other share compensation arrangements of the Company during any 12 month period shall not exceed two percent (2%) of the Company's total issued and outstanding share capital, calculated at the date an Option is granted to any such person;
- d) That may be issued to Insiders under the Plan and other share compensation arrangements of the Company shall not exceed ten percent (10%) of the Company's total issued and outstanding share capital, unless the Company has obtained "disinterested shareholder approval" in accordance with the policies of the TSX Venture Exchange;
- e) That may be issued to Insiders under the Plan and other share compensation arrangements of the Company within any 12 month period shall not exceed ten percent (10%) of the Company's total issued and outstanding share capital, unless the Company has obtained "disinterested shareholder approval" in accordance with the policies of the TSX Venture Exchange;

For the purposes of this Subsection 4.1, "total issued and outstanding share capital" means the total number of Shares, on a non-diluted basis, that are issued and outstanding as of the date that any Shares are issued or reserved for issuance pursuant to an award under the Plan.

For greater certainty, as this Plan is a rolling plan, the reloading of Options is permitted under this Plan and Options that are exercised, surrendered, terminated or expire without being exercised no longer represent Shares reserved for issuance under this Plan and do not decrease the number of Shares issuable under this Subsection 4.1, as determined at any given time, subject to the provisions of Subsection 2.8.

4.2 Transferability

Any benefits, rights and options accruing to an Optionee in accordance with the terms and conditions of this Plan shall be non-assignable and non-transferable unless specifically provided herein. During the lifetime of an Optionee all benefits, rights and options may only be exercised by the Optionee, except by will or by the laws of descent and distribution.

4.3 Employment

Nothing contained in any Plan shall confer upon any Optionee any right with respect to employment or continuance of employment with the Company or any, Affiliate, or interfere in any way with the right of the Company or any Affiliate to terminate the Optionee's employment at any given time. Participation in any Plan by an Optionee is voluntary.

4.4 Record Keeping

The Company shall maintain a register in which shall be recorded:

- a) The name and address of each Optionee;
- b) The date and amount of Options granted to each Optionee and, at any given time, the tally of Vested Options;
- c) The number of unissued Shares reserved for issuance pursuant to an Option grant; and
- d) Such other information as the Board may determine.

4.5 Necessary Approvals

This Plan and any amendments thereto shall be effective only upon formal adoption by the Board.

The obligation of the Company to sell and deliver Shares in accordance with this Plan is subject to the approval of any governmental authority having jurisdiction in respect of the Shares or any Stock Exchange on which the Shares are then listed, which may be required in connection with the authorization, issuance or sale of such Shares by the Company. If any Shares cannot be issued to an Optionee for any reason including, without limitation, the failure to obtain such approval, the obligation of the Company to issue such Shares shall terminate and any option price paid to the Company shall be returned to the Optionee.

4.6 Income Taxes

To the extent the exercise of an Option hereunder gives rise to any tax or other statutory withholding obligation (including, without limitation, income and payroll withholding taxes imposed by any jurisdiction), the Company may implement appropriate procedures to ensure that the tax withholding obligations are met. These procedures may include, without limitation, increased withholding from an Optionee's regular compensation, cash payments by an Optionee, or the sale of a portion of the Common Shares acquired pursuant to the exercise of an option, which sale may be required and initiated by the Company. Any such procedure, including offering choices among procedures, will be applied consistently with respect to all similarly situated Optionees in the Plan, except to the extent any procedure may not be permitted under the laws of the applicable jurisdiction.

4.7 Amendments to Plan

The Board shall have the power to, at any given time either prospectively or retrospectively, amend, suspend or terminate this Plan or any Option, Vested Option or other award granted under the Plan, including, without limiting the generality of the foregoing: changes of a clerical or grammatical nature, changes regarding the persons eligible to participate in this Plan, changes to the Option Exercise Price, vesting, term and termination provisions of Options, changes to the authority and role of the Committee under the Plan, changes to the acceleration and vesting of Options in the event of a takeover bid, and any other matter relating to this Plan and the Options and awards granted thereunder, provided however that:

- (a) Such amendment, suspension or termination is in accordance with applicable laws and the rules of the Stock Exchange;

- (b) Any amendments to the Plan other than changes of a clerical or grammatical nature are subject to shareholder approval;
- (c) No amendment to the Plan or to an Option granted hereunder will have the effect of impairing, derogating from or otherwise adversely affecting the terms of a Vested Option at the time of such amendment without the written consent of the holder of such Vested Option; and
- (d) The expiry date of an Option Period in respect of an Option shall not be more than 10 years from the date of grant of an Option.

4.8 No Representation or Warranty

The Company makes no representation or warranty as to the future market value of any Options or Vested Options (or Shares underlying such Options or Vested Options) issued in accordance with the provisions of this Plan.

4.9 Compliance with Applicable Law, etc.

If any provision of this Plan or any agreement entered into pursuant to this Plan contravenes any law or any order, policy, by-law or regulation of any regulatory body or Stock Exchange having authority over the Company or this Plan, then such provision shall be deemed to be amended to the extent required to bring such provision into compliance therewith.

PART 5 ADMINISTRATION OF THE PLAN

5.1 Administration by the Committee

- (a) Unless otherwise determined by the Board, this Plan shall be administered by the Company's Human Resources and Compensation Committee (the "**Committee**") appointed by the Board and constituted in accordance with such Committee's charter.
- (b) The Committee shall have the power, where consistent with the general purpose and intent of this Plan and subject to the specific provisions of this Plan, to:
 - (i) Adopt and amend rules and regulations relating to the administration of the Plan and make all other determinations necessary or desirable for the administration of the Plan, subject to Board approval.  - (ii) Otherwise exercise the powers delegated to the Committee by the Board and under the Plan as set forth herein; provided however that:
 - (iii) The Committee shall in no way usurp the power of the Board in management of the Plan, or award or maintenance of Options, according to other provisions herein, particularly Subsection 4.7.

5.2 Board Role

- (a) The Board, on the recommendation of the Committee or on its own, shall determine and designate from time to time the individuals to whom Options shall be granted, the amounts of the awards and the other terms and conditions relating thereto.
- (b) The Board may delegate any of its responsibilities or powers under the Plan to the Committee, provided that the grant of all Options or other awards under the Plan shall be subject to the approval of the Board. No Option shall be exercisable in whole or in part unless and until such approval is obtained.
- (c) In the event the Committee is unable or unwilling to act in respect of a matter involving the Plan, the Board shall fulfill the role of the Committee provided for herein.

Amended: March 21, 2013

GOVIEX URANIUM INC.

BOARD MANDATE

The Board of Directors (the “**Board**”) of GoviEx Uranium Inc. (the “**Company**”) shall have the oversight responsibility, authority and specific duties as described below.

Under the *BC Business Corporations Act* the directors of the Company are required to manage the Company’s business and affairs, and in doing so to act honestly and in good faith with a view to the best interests of the Company. In addition, each director must exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances.

The Board of Directors is responsible for supervising the conduct of the Company’s affairs and the management of its business. This includes setting long term goals and objectives for the Company, formulating the plans and strategies necessary to achieve those objectives and supervising senior management in their implementation. Although the Board delegates the responsibility for managing the day to day affairs of the Company to senior management personnel, the Board retains a supervisory role in respect of, and ultimate responsibility for, all matters relating to the Company and its business.

The Board needs to be satisfied that the Company’s senior management will manage the affairs of the Company in the best interest of the shareholders, and that the arrangements made for the management of the Company’s business and affairs are consistent with the Board’s duties described above. The Board is responsible for protecting shareholder interests and ensuring that the interests of the shareholders and of management are aligned. The obligations of the Board must be performed continuously, and not merely from time to time, and in times of crisis or emergency the Board may have to assume a more direct role in managing the affairs of the Company.

In discharging this responsibility, the Board oversees and monitors significant corporate plans and strategic initiatives. The Board’s strategic planning process includes annual and quarterly budget reviews and approvals, and discussions with management relating to strategic and budgetary issues. At least one meeting per year is to be devoted substantially to a review of strategic plans proposed by management.

The Board reviews the principal risks inherent in the Company’s business, including financial risks, through periodic reports from management of such risks. This review takes place in conjunction with the Board’s review of operations and risk issues at each Board meeting, at which time the Board assesses the systems established to manage those risks. Directly and through an audit committee, the Board also assesses the integrity of the internal financial control and management information systems.

In addition to those matters that must, by law, be approved by the Board, the Board is required to approve annual operating and capital budgets, any material dispositions, acquisitions and investments outside of the ordinary course of business or not provided for in the approved budgets, long-term strategy, organizational development plans and the appointment of senior executive officers. Management is authorized to act, without Board approval, on all ordinary course matters relating to the Company’s business.

The Board also expects management to provide the directors on a timely basis with information concerning the business and affairs of the Company, including financial and operating information and information concerning industry developments as they occur, all with a view to enabling the Board to discharge its stewardship obligations effectively. The Board expects management to efficiently implement its strategic plans for the Company, to keep the Board fully apprised of its progress in doing so and to be fully accountable to the Board in respect to all matters for which it has been assigned responsibility.

The Board has instructed management to maintain procedures to monitor and promptly address shareholder concerns and has directed and will continue to direct management to apprise the Board of any major concerns expressed by shareholders.

Each Committee of the Board is empowered to engage external advisors as it sees fit. Any individual director is entitled to engage an outsider advisor at the expense of the Company provided such director has obtained the approval of any nominating and corporate governance committee to do so.

The roles of Chairman, Chief Executive Officer and Lead Director (if any) will be as set forth in position statements as may be established by the Board from time to time.

This Mandate will be reviewed periodically by the Board of Directors of the Company and supplemented as required from time to time.

The Roles of the Board of Directors

The Board fulfills its mandate through direct oversight, setting policy, appointing committees and appointing management. Specific responsibilities include the following:

1. Approving the issuance of any securities of the Company.
2. Approving the incurrence of any debt by the Company outside the ordinary course of business.
3. Reviewing and approving the annual and quarterly capital and operating budgets.

8. Reviewing and approving the Company's incentive compensation plans.
9. Determining the composition, structure, processes, and characteristics of the Board and the terms of reference of committees of the Board, and establishing a process for monitoring the Board and its directors on an ongoing basis.

10. Appointing the Nominating and Corporate Governance Committee, an Audit Committee, a Compensation and Benefits Committee, Technical Advisory Committee and other Board Committees and delegating to any such committees powers of the Board as appropriate and legally permissible.
11. Nominating the candidates for the Board to the shareholders, based on recommendations from the Nominating and Corporate Governance Committee.

17. Appointing and monitoring the performance of senior management, formulating succession plans for senior management and, with the advice of the applicable committee, approving the compensation of senior management.
18. Ensuring policies and processes are in place for identifying principal business risks and opportunities for the Company, addressing the extent to which such risks are acceptable to the Company, and ensuring that appropriate systems are in place to manage risks.
