Under the terms of the financing, Eight Capital as sole underwriter and bookrunner (the “Underwriter”), has agreed to purchase, on a bought deal basis, 75,000,000 units (the “Units”) at a price of \$0.16 per Unit (the “Issue Price”) for gross proceeds to the Company of \$12,000,000 (the “Offering”).

Each Unit will consist of one common share (a “Common Share”) in the capital of the Company and one (1) common share purchase warrant (a “Warrant”) of the Company. Each Warrant shall be exercisable to acquire one Common Share (a “Warrant Share”) at a price per Warrant Share equal to the United States dollar equivalent of \$0.21 (the foreign exchange rate to be set based on the Bank of Canada daily exchange rate for United States dollars one business day prior to the Closing Date (defined below)) for a period of 36 months from the closing date of the Offering.

In addition, the Company has agreed to grant to the Underwriter an over-allotment option to purchase up to an additional 15% of the number of Units sold under the Offering at a price per Unit equal to the Issue Price, on the same terms and conditions as the Offering, exercisable at any time, in whole or in part, until the date that is 30 days following the closing of the Offering.

The Company intends to use the net proceeds from the Offering exploration, engineering and general corporate and working capital purposes.

The Offering is scheduled to close on or about December 22, 2023 (the “Closing Date”) and is subject to certain conditions including, but not limited to, the receipt of all necessary regulatory and other approvals including the approval of the TSX Venture Exchange and the securities regulatory authorities.

The preliminary short form prospectus is still subject to completion or amendment. In addition, the factors described or referred to in the section entitled "Risk Factors" in the MD&A for the year ended December 31, 2022, of GoviEx, which is available on the SEDAR website at [www.sedar.com](http://www.sedar.com), should be reviewed in conjunction with the information found in this news release.

Although GoviEx has attempted to identify important factors that could cause actual results, performance, or achievements to differ materially from those contained in the forward-looking statements, there can be other factors that cause results, performance, or achievements not to be as anticipated, estimated, or intended. There can be no assurance that such information will prove to be accurate or that management's expectations or estimates of future developments, circumstances, or results will materialize. As a result of these risks and uncertainties, no assurance can be given that any events anticipated by the forward-looking information in this news release will transpire or occur, or, if any of them do so, what benefits that GoviEx will derive therefrom. Accordingly, readers should not place undue reliance on forward-looking statements. The forward-looking statements in this news release are made as of the date of this news release, and
