## **GoviEx Increases Non-Brokered Private Placement**

*Not for distribution to United States newswire services or for dissemination in the United States*

VANCOUVER, CANADA – GoviEx Uranium Inc. (TSX-V: GXU; OTCQB: GVXXF) (“**GoviEx**” or “**Company**”) is pleased to announce that due to a higher than expected level of demand, the Company is increasing the non-brokered private placement offering announced April 8, 2019 (the “**Private Placement**”), by 4,717,647 units (“**Units**”) for an aggregate offering of up to 20,600,000 Units at a price of C\$0.17 per Unit.

All other terms of the Private Placement remain as previously disclosed. Each Unit consists of one (1) Class A common share and one (1) Class A common share purchase warrant (a “**Warrant**”) of the Company. Each Warrant shall entitle the holder to purchase one Class A common share of the Company for a period of 36 months at US\$0.21 during the first 12-month period, the US\$0.24 during the second 12-month period and US\$0.28 during the third 12-month period. A cash finder’s fee of 6% may be payable on all, or a portion, of the Private Placement. All securities issued under this Private Placement will be subject to a hold period of four months plus one day from the date of issue.

Completion of the Private Placement will be subject to regulatory approvals, including the final approval of the TSX Venture Exchange and it is anticipated to close on or about April 12, 2019.

The net proceeds from the Private Placement will be used to fund continued exploration and development activities on the Company’s assets, working capital and for general corporate purposes.

*Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.*

### **About GoviEx Uranium**

GoviEx is a mineral resource company focused on the exploration and development of uranium properties in Africa. GoviEx’s principal objective is to become a significant uranium producer through the continued exploration and development of its flagship mine-permitted Madaouela Project in Niger, its mine-permitted Mutanga Project in Zambia, and its other uranium properties in Africa.

## Cautionary Statement Regarding Forward-Looking Statements

This news release may contain forward-looking information within the meaning of applicable securities laws. All information and statements other than statements of current or historical facts contained in this news release are forward-looking information.

Forward-looking statements are subject to various risks and uncertainties concerning the specific factors disclosed here and elsewhere in GoviEx's periodic filings with Canadian securities regulators. When used in this news release, words such as "will", "could", "plan", "estimate", "expect", "intend", "may", "potential", "should," and similar expressions, are forward-looking statements. Information provided in this document is necessarily summarized and may not contain all available material information.

Forward-looking statements include those with respect to the Company's ability to complete the Private Placement, the proposed closing date and anticipated use of the proceeds of the Private Placement.

Although the Company believes the expectations reflected in such forward-looking statements are based on reasonable assumptions, it can give no assurances that its expectations will be achieved. Such assumptions, which may prove incorrect, include the following: (i) GoviEx will be successful in its efforts to identify and secure subscribers under the Private Placement; (ii) the subscribers under the Private Placement will complete the subscriptions they have agreed to make under their subscription agreements; (iii) all necessary corporate and regulatory approvals, including TSX Venture Exchange acceptance, will be obtained for the Private Placement; (iv) the Private Placement will close on or about the date as anticipated; and (v) the price of uranium will remain sufficiently high and the costs of advancing the Company's mining projects sufficiently low so as to permit GoviEx to implement its business plans in a profitable manner

Factors that could cause actual results to differ materially from expectations include (i) the inability or unwillingness of subscribers to the Private Placement to complete their subscriptions; (ii) the Company's failure to make effective use of the proceeds of the Private Placement; (iii) the failure of the Company's projects, for technical, logistical, labour-relations, or other reasons; (iv) the Company's inability to obtain TSX Venture Exchange acceptance of the Private Placement; (v) a decrease in the price of uranium below what is necessary to sustain the Company's operations; (vi) an increase in the Company's operating costs above what is necessary to sustain its operations; (vii) accidents, labour disputes, or the materialization of similar risks; (viii) a deterioration in capital market conditions that prevents the Company from raising the funds it requires on a timely basis; and (ix) generally, the Company's inability to develop and implement a successful business plan for any reason.

In addition, the factors described or referred to in the section entitled "Financial Risks and Management Objectives" in the MD&A for the year ended December 31, 2017, of GoviEx,

which is available on the SEDAR website at [www.sedar.com](http://www.sedar.com), should be reviewed in conjunction with the information found in this news release.

Although GoviEx has attempted to identify important factors that could cause actual results, performance, or achievements to differ materially from those contained in the forward-looking statements, there can be other factors that cause results, performance, or achievements not to be as anticipated, estimated, or intended. There can be no assurance that such information will prove to be accurate or that management's expectations or estimates of future developments, circumstances, or results will materialize. As a result of these risks and uncertainties, no assurance can be given that any events anticipated by the forward-looking information in this news release will transpire or occur, or, if any of them do so, what benefits that GoviEx will derive therefrom. Accordingly, readers should not place undue reliance on forward-looking statements. The forward-looking statements in this news release are made as of the date of this news release, and GoviEx disclaims any intention or obligation to update or revise such information, except as required by applicable law.

This news release does not constitute an offer to sell or a solicitation of an offer to buy, nor shall there be any sale of any of the securities in any jurisdiction in which such offer, solicitation, or sale would be unlawful, including any of the securities in the United States of America. The securities have not been and will not be registered under the United States Securities Act of 1933 (the "**1933 Act**") or any state securities laws and may not be offered or sold within the United States or to, or for account or benefit of, U.S. Persons (as defined in Regulation S under the 1933 Act) unless registered under the 1933 Act and applicable state securities laws, or an exemption from such registration requirements is available.
