Although the Company believes the expectations reflected in such forward-looking statements are based on reasonable assumptions, it can give no assurances that its expectations will be achieved. Such assumptions, which may prove incorrect, include the following: (i) receipt of TSX Venture Exchange final acceptance of the Private Placement will be obtained; (ii) sufficient subscriptions will be received to complete the entirety of the offering under the Private Placement and (iii) the price of uranium will remain sufficiently high and the costs of advancing the Company's mining projects sufficiently low so as to permit GoviEx to implement its business plans in a profitable manner

Factors that could cause actual results to differ materially from expectations include (i) the Company's failure to have the private Placement fully subscribed or make effective use of the proceeds of the Private Placement; (ii) the failure of the Company's projects, for technical, logistical, labour-relations, or other reasons; (iii) the Company's inability to obtain TSX Venture Exchange acceptance of the Private Placement; (iv) a decrease in the price of uranium below what is necessary to sustain the Company's operations; (v) an increase in the Company's operating costs above what is necessary to sustain its operations; (vi) accidents, labour disputes, or the materialization of similar risks; (vii) a deterioration in capital market conditions that prevents the Company from raising the funds it requires on a timely basis; and (viii) generally, the Company's inability to develop and implement a successful business plan for any reason.

In addition, the factors described or referred to in the section entitled "Financial Risks and Management Objectives" in the MD&A for the year ended December 31, 2019, of GoviEx, which is available on the SEDAR website at [www.sedar.com](http://www.sedar.com), should be reviewed in conjunction with the information found in this news release.

Although GoviEx has attempted to identify important factors that could cause actual results, performance, or achievements to differ materially from those contained in the forward-looking statements, there can be other factors that cause results, performance, or achievements not to be as anticipated, estimated, or intended. There can be no assurance that such information will prove to be accurate or that management's expectations or estimates of future developments, circumstances, or results will materialize. As a result of these risks and uncertainties, no assurance can be given that any events anticipated by the forward-looking information in this news release will transpire or occur, or, if any of them do so, what benefits that GoviEx will derive therefrom. Accordingly, readers should not place undue reliance on forward-looking statements.
